Nursing & Living Center

*Two Decades of Innovative
Care and Services*

Cherrywood is a Premier Managed Facility

Our Team

The Cherrywood Medical Team is a highly skilled and credentialed group of professionals. Together, they provide a comprehensive approach to individualized patient care and rehabilitation that has helped our patients return home after an injury, illness or surgery. This high level of quality care is overseen by our dedicated Medical Director who has over two decades of clinical experience.

Our rehabilitation team is led by a Board Certified Psychiatrist and includes:

- Physician Specialists
- Registered Physical Therapists
- Registered Occupational Therapists
- Speech-Language Pathologists
- Licensed Registered Nurses
- Registered Dietician

Beautiful & Unique

Cherrywood is large enough to provide the “State of the Art” resources needed to hasten your recovery, yet small enough to deliver highly personalized care. As a result of Cherrywood's recent renovations our patients experience luxurious accommodations and a relaxed atmosphere while being cared for by a compassionate staff. An environment designed for healing and restoring independence. Our consistent delivery of focused patient care leads to a prompt recovery for our patients. *Focused, because we listen to you.*

Conveniently Located

Part of your community and conveniently located in your neighborhood. Cherrywood Nursing & Living Center is close to many of the area's top hospitals including:

Long Term Care

This same high level of services and commitment exists for our residents who are in need of long term daily care. Our long term residents enjoy companionship, stimulating activities and tempting menus in a homelike setting.

Cherrywood's compassionate medical team addresses any clinical needs our residents may have with around-the-clock assistance and care.

THE Grand Traverse

For over two decades Cherrywood Nursing & Living Center has enjoyed the same caring ownership providing the stability that has given us an advantage over our competition. This advantage has paved the way for our innovative Rehabilitation Services and our most recent achievement, The Grand Traverse! As one of the region's first Medical Hotels, the Grand Traverse welcomes our guests to continue their recovery outside of the traditional hospital environment.

We work with a wide range of patients including orthopedic, cardiac, neurological and post surgical diagnoses. Our team is prepared to handle these diverse needs to achieve the common goal of returning the patient home.

Our patient-centered approach achieves results and allows for:

Decreased length of stay

High patient return-to home rate

Low patient re-hospitalization rate

High patient satisfaction

One of my family members is currently recovering at Cherrywood. This is his second stay and I have been pleased with his care on both visits. The staff is extremely efficient, but at the same time, could not be more caring. They go over and beyond friendliness and always seem to have a smile for all they come in contact with. We have had many fun, laughing times here. I would gladly come to Cherrywood should the need for rehabilitation services ever arise. *Patricia Kennedy Dei*
